Created upon the concept of sustainability, South Quarter Tower B is an innovative architectural structure which delivers 80% open space to create a bright and airy working environment. The in-house admin and IT support staff guarantees that the centre performs as smoothly as possible for all that work here. They do everything possible to supply a working environment that is conducive to growth and that helps tenants achieve their corporate goals. Tenants of this executive centre benefit from suites which have passed all BREEAM/LEED inspections, ensuring that damage to the environment is alleviated. Exceptional levels of facilities and services are delivered however, creating a low emissions yet highly efficient workspace for all concerned. Also included is meeting rooms for use by tenants, an in-house restaurant, automatic cash machine and secure round the clock access, making for a centre able to cater for a wide range of business types.

Location

This office centre is based in a prestigious business park in Jakarta, laying the groundwork for new connections and alliances with other nearby businesses and promising an array of business amenities that most centres can only dream of. For companies that regularly have the need to accommodate their staff and guests, these offices are ideal. There is a good selection of local lodgings, by far the handiest is the Pondok Wisata Hotel, which can be reached by walking from these offices in about 3 minutes. This location is perfectly positioned for a great variety of dining options, including Anam, little more than a 4 minute hop and very popular with those in the know. Take advantage of the easy access to the TB Simatupang Toll Road and Soekarno-Hatta International Airport is just 31 km from this location using the Jkt Outer Ring Road - about 31 minutes by car on a good day. Combining manageable costs, nearby leisure options and a top business address in a 'ready-to-go' package, you'd struggle to find a more desirable location to do business in or around Jakarta.
